Michael Keating
Executive Director & Association Counsel
NBANH
1133 Regent Street
Fredericton, NB E3B 3Z2

Mr. Keating:

As a member of the Assumption Life Health and Dental Benefit package, I'm writing you today to express my shock and dismay that you are trying to take approximately 2.4 million dollars of surplus money from the Health and Dental Plan. This surplus is intended to be used to benefit all the members of the plan. The money should be left in the plan and used to help stabilize rates, improve benefits, and enhance the wellness program or other improvements as recommended by the Group Benefits Advisory Committee. In closing, I ask that you leave the surplus money alone and use it for the purpose it was intended.
